

# Pneumonia Vaccine Schedule

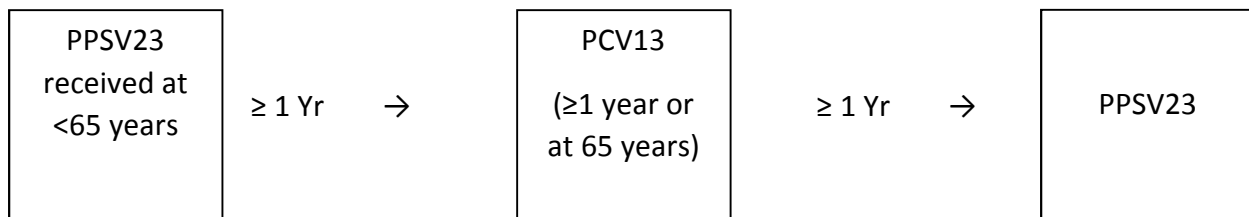

## Pneumococcal vaccine-naive persons $\geq 65$ years

## Persons who have received PPSV23 when $\geq 65$ years

## Persons who previously received PPSV23 before age 65 years who are now aged $\geq 65$ years

The 2<sup>nd</sup> dose of PPSV23 should be administered 5 years after first dose

\*PPSV23 = Pneumovax 23    \*PCV13 = Prevnar 13

\*\*PCV13 is eligible for roster billing during Medicare Part A stay if  $\geq 1$  yr since PPSV23
